You can help us by reporting bugs, or submitting the problem to our bug tracker. Can anyone tell me where I can download FixPack 6 for the 14.1 release of Flash (11.0.0.95) for the iMac. It is not on the list of compatible fixes when installing Flash from the software updates in the OS, and it will not load the update from the Mac App Store. I have a store receipt but it won't do any good if I don't have the FixPack installed. First open the Adobe Flash Player Installer and update. Once Flash is installed, open the Adobe Flash Player Installer and go to the Updates tab. Select Show Updates When Downloading. Select the Download button. Wait for the update to finish. The downloaded update is saved in the Downloads folder. Close the Flash Player
